

Pacific Rim Critical Infrastructure Security Summit

“Security education with a purpose”

Our Mission

Strengthen the Security of Critical Infrastructure

Our Value

The ability to listen, share, foster open discussions

Our Integrity

We do what we say we will; we hold ourselves accountable; we strive to be worthy of others' trust; we are ethical in our conduct.

Our Leadership

We are decisive and steadfast in our goals, considering what is good for the many.

EnergySec is made up of many volunteers, staff and active members who continue to show their support of our 501(c)(3) educational non-profit organization. We are eager to continue driving toward our mission of helping people learn more about what they can do to improve the security and reliability of critical infrastructure.

Featuring experts on critical infrastructure security and attendees from the U.S., Asia, and Australia, join us at **Waikiki Beach, Honolulu, HI, on February 12-13, 2019**, for a cross-sector, cross-border, educational and networking opportunity.

Building on two successful events for Hawaiian locals, with a new, expanded format, our Hawaii Educational Sessions are now the Pacific Rim Critical Infrastructure Security Summit.

Mission Critical Connections

Connecting with our neighbors, business partners, peers, other industries and governments is what allows us to get perspectives that would be otherwise missed. Since 2004, EnergySec has been focused on bringing together people and various organizations to help foster environments of learning. It is our hope and desire to leave each person we meet with at least one take away idea or thought that could potentially make a difference in making our critical infrastructures more secure and resilient.

Presentations by leading security professionals in critical infrastructure, detailing innovative ways to address security risks.

Interactive discussions about security challenges that exist when supporting mission critical technology.
